PROFESSIONAL EXPERIENCE

Petrosoft

Marketing Specialist

Feb 2023-Present

Pittsburgh, PA

- Built and managed a coordinated marketing program spanning prospect education, product and customer communications, trade-show outreach, re-engagement, sales follow-up, and long-term nurture.
- Created a reply-driven campaign after recognizing that some prospects preferred answering a person to clicking a landing page. Personalized versions commonly achieved 40-50% opens, with some targeted sends reaching 60-70%, and produced roughly 10-20 leads per campaign versus an average of 1-5 from a generic, unpersonalized email.
- Met the direct-lead target after it was introduced, producing 92 direct leads from Q2-Q4 2025 and approximately 14-15 leads per month across the full year when NACS leads are included.
- Expanded the usable audience through CRM cleanup, segmentation, event-data processing, and contact enrichment, increasing the legitimate contacts available for more relevant outreach.
- Protected marketing continuity during the move away from Dynamics outbound marketing by identifying the risk, planning the transition, rebuilding more than 300 lost segments, and moving campaigns into real-time journeys.
- Developed audience-specific content systems, KPI reporting, dashboards, HTML emails, animated creative, sales-process documentation, and AI-assisted response workflows.

UniRem Technology, LLC

Marketing Manager

Aug 2019-Present

Pittsburgh, PA

- Led marketing initiatives for an environmental technology company, working directly with leadership to translate business priorities into practical marketing and sales support.
- Developed videos, brochures, product literature, trade-show materials, packaging, labeling, presentations, website content, and digital materials supporting sales, branding, and customer engagement.
- Managed trade-show planning and execution, including booth design, promotional materials, logistics, and customer engagement; researched target industries, prospects, competitors, and business opportunities.
- Modernized technical product communications through projects including a rebuilt BioSok brochure and a customer testimonial transformed into a structured video with subtitles, B-roll, and visual proof.

ADDITIONAL EXPERIENCE

MrTakeOutBags / Babcor Packaging

Sep 2021-Jul 2022

Business Development Representative

- Established and supported business-development processes spanning prospect research, qualification, routing, CRM tracking, market intelligence, and coordination with sales leadership.

UCode / DaVinci Innovation Labs

Dec 2017-Aug 2019

Academic Director & Operations Analyst

Ithaca, NY & Singapore

- Built the financial model used to forecast cash flow, staffing, enrollment, and revenue growth for a new flagship technology-education center and support investor discussions.
- Led the location from planning through launch, growing it from zero to roughly 80 active students within four months while managing market and site analysis, lease support, design and construction coordination, curriculum adaptation, staff recruitment, and operating-process development.
- Served as the sole on-site leader after launch, managing programming, staff, families, budgets, and daily operations while reporting to ownership overseas.

Seedlink Technology Holdings

May 2016-Jul 2016

Marketing Intern

Shanghai, China

- Evaluated market strategy and growth opportunities for an early-stage AI language-technology company, researching competitors, partners, acquisition opportunities, and comparable-company growth paths.

PricewaterhouseCoopers

May 2015-Aug 2015

Consultant Intern

Shanghai & Shenzhen, China

- Developed a project expense and budget tool, trained users, identified errors that produced approximately \$40,000 in savings, and supported aerospace-industry research.

PricewaterhouseCoopers

May 2014-Jul 2014

Consultant Intern

Zhejiang, China

- Supported HR and organizational-change work during a nuclear-energy transformation, assisted stakeholder and requirements work, and contributed to SAP ERP implementation planning.
